INSURGENTS NOT AIDED BY ENGLAND.

REPLY OF THE BRITISH FOREIGN OFFICE TO AN INQUIRY REGARDING THE RECENT REBELLION IN BRAZIL.

London, May 11.—The Foreign Office has informed Sir J. Blundell Maple, M. P., in answer to a recent inquiry, that any statement that assistance of any kind was given by the British naval commander, Rio Janeiro, to the insurgent forces, or that British officials had in any way aided in an attempt to restore the monarchy in Brazil or otherwise aided the political situation, was entirely untrue.

THE VATICAN TO THE FRENCH BISHOPS.

Rome, May 11.—The Vatican has issued instructions to the Roman Catholic bishops of France, directing them to accept the French law in regard to church buildings without opposition. At the same time, the Holy See expresses the opinion that the French bishops ought to approach the Government in an identical request that the law in regard to church buildings be applied with mildness.

THE POPE THANKED CARDINAL VASZARY.

EXCITEMENT IN BUDAPEST OVER THE DEFEAT OF THE CIVIL MARRIAGE BILL.

Budapest, May 11.—An hour after the Magyars had defeated the Civil Marriage Bill the Pope telegraphed to Cardinal Vaszary, thanking him for his efforts against the measure and blessing all who assisted in the measure.

THE POPE'S POLICY.

This dispatch is one more instance of the difficulties which the Pope is now faced with in his efforts to have the Catholic masses and the clergy obey his policy of conciliation toward the European Powers. The Hungarian prelates in the Magyars' Chamber have just assisted in defeating the Civil Marriage law, which had been approved by Leo XIII. in order not to embarrass the Government. At the same time, the Holy See has been forced to declare that the Pope is not to be understood as giving his approval to the Government's policy.

TO GIVE UP THEIR ARGENTINE RELATIONS.

London, May 11.—The following paragraph appears in the financial article of "The Times" today: "The Argentine Government has been determined to sever its official connection with the Argentine Government and railways. The firm is supposed to be disgusted with the feeling that the bondholders have displayed against them. The rumors are not confirmed, except by the fact that Mr. Burns, of the Morgans, has resigned his seat on the Argentine Railway Company."

NATIVE UPRISING IN INDIA UNLIKELY.

London, May 11.—Advices from Calcutta say there is no reason to fear a native uprising, although the authorities have not relaxed their vigilance. The "Sages" of the Himalayas, who have been in the Behar and Nepal provinces, in the shape of a pasty compound mixed with hair, it is ascertained, had no other significance than to summon pilgrims to the sacred temple at Janakpur, where a protest is to be made against the stringent regulations prescribed by the sanitary authorities for the pilgrims. The Home Government has been informed the Home Government that the reported mutinous conduct of the 17th Bengal Infantry, stationed at Agra, was confined to a few men and was soon over. It had no connection with political or religious feeling or caste rivalry.

KRUPP OVERHELMED WITH ORDERS.

Berlin, May 11.—Orders for guns for all parts of Europe continue to pour into the Krupp gun works at Essen. The enormous resources of which are severely taxed to fill them within the required time. Yesterday a monster gun, similar to the one exhibited at the Columbian Exposition at Chicago, was shipped to Cuxhaven, where it will be mounted. Other guns of like construction have been ordered. The Italian Government has ordered a number of guns from Krupp, and Turkey has ordered 200 Krupp rifles.

JARVIS-CONKLIN RECONSTRUCTION PLAN.

London, May 11.—"The Pall Mall Gazette," continuing its criticism of the plan of reconstruction of the Jarvis-Conklin Mortgage Trust Company, said this afternoon: "Mr. Jarvis, of the Trust company, hurriedly departed on the steamship Lahn yesterday, after handing Mr. W. B. Smith and others representing the company from serving him with a writ issued by the court. He was accompanied by his wife, and in which he accused one of the plaintiffs of having a false and misleading circular in the reconstruction. Mr. Jarvis's departure will also deprive his promised explanation of the disastrous results of the reconstruction. The plan of reconstruction, which was to be submitted to the holders of the mortgage, was to be submitted to a vast number of holders of the securities of the American mortgage companies."

BOMB EXPLOSION IN PARIS.

A HOUSE IN THE AVENUE KLEBER DAMAGED, BUT NO PERSON HURT.

A FASHIONABLE NEIGHBORHOOD—MEUNIER TO BE EXTRADITED TO FRANCE—GERMAN ANARCHISTS SENTENCED.

Paris, May 11.—A bomb charged with fragments of lead and iron exploded late this evening in the doorway of No. 42 Avenue Kleber, the residence of a man named Massa. The door and portico and several windows were shattered, but nobody was hurt. The Avenue Kleber is a fashionable street, and many private residences are situated along it. The explosion occurred at about 10 o'clock. The man who placed the bomb evidently intended to cause panic and death among the people who were driving through the street almost constantly.

The police found two bombs in the streets last night, and also discovered and seized a large quantity of dynamite in a house at Pantin, a suburb of this city.

Paris, May 11.—Charles Meunier, the French Anarchist implicated in the bomb explosion in the Café Véry, in Paris, was again arraigned this morning at the assize court. He was charged with ordering his extradition. Seventeen days were allowed him in which to file an appeal.

Rome, May 11.—The man who was arrested on suspicion of having caused the explosion in front of Prince Odescalchi's palace two days ago has been fully identified by a person who saw him run from the palace about a minute before the explosion. The police have proof that he manufactured the casing of the bomb in the shop where he was employed. Several men suspected of being his accomplices have been arrested.

Berlin, May 11.—Grunau, printer of "Der Sozialist," an Anarchist journal, was sentenced today to eighteen months' imprisonment for having incited the people to violence. He was charged with having written a letter to the effect that the "Socialist" was sentenced to a term of eight months, and Heinrich, the other editor, to one of nine months on the same charge.

GOVERNMENT OFFICIALS AMONG THEM.

HUNDREDS OF PERSONS ARRESTED AS Nihilists IN A SIMULTANEOUS RAID IN SEVERAL RUSSIAN CITIES.

St. Petersburg, May 11.—Among the prisoners taken in the last Nihilist raid are M. Chermak, Director of the Government Statistical Bureau, and his wife; M. Alexandrov, assistant director in the same bureau, and his wife; M. Sururov, an official in the Ministry of Finance, Yessouf, official of the Noblemen's Bank; Sakalinsky, professor of natural history; Dr. Sutchinsky, and Mme. Kergetskaya, a fashionable modiste, and her girl assistants.

All these arrests were made in St. Petersburg. In Orel the police arrested Koroloff, a civil engineer; Walter, an inspector in the Tax Department; Sokolsky, a priest of the Orthodox faith, who was arrested in Nihilist circles. In the same city, the Moscow police have made fifty arrests.

A high reward has been offered for the capture of a young girl named Alexandrova, who is regarded as a dangerous revolutionary. In all the cities mentioned the arrests were made in the same evening, and the suspects had many influential friends who would spread the warning if time were allowed them.

TWO SHOTS RANG TOGETHER.

FATAL RESULT OF AN ATTEMPT TO MAKE AN ARREST.

A WESTCHESTER COUNTY OFFICIAL AFTER JOSEPH SCHNEIBLOCK IN THIS CITY—EACH FIRED AT THE SAME TIME—THE SHERIFF'S SHOT KILLED THE MAN.

Joseph Schneiblock was shot in the right temple in front of No. 1,025 Avenue A, at 10:20 o'clock last night, and died in Flower Hospital forty-five minutes later. Howard J. Pugsley, of Peckskill, an under-Sheriff of Westchester County, who is supposed to have done the shooting, was arrested by Central Office Detective Bennell, who was with him at the time. Pugsley was taken to the East Fifty-first-street police station and afterward to Police Headquarters, where he was locked up. His revolver, a five-chambered 38-calibre weapon, was found with one chamber empty. In Schneiblock's hand when he fell Detective Bennell found a five-chambered 32-calibre revolver with one chamber empty. The two revolvers were fired simultaneously, and there is every evidence, that Pugsley's shot took effect, that he fired in self-defence. The size of the bullet, when it is extracted from Schneiblock's head, will determine from which revolver it came.

Schneiblock was wanted for a felonious assault he committed last Monday on his sister-in-law, Mrs. Matilda Schilling, at her home in St. Marks place. He was charged with the purpose of robbing the house. She resisted, and he brutally beat her, and afterward shot her. After leaving the house he returned, but she barred the door with a large iron safe, and he hanged her body against it. She is now lying at the point of death.

Justice Skinner, of White Plains, issued a warrant for Schneiblock, and on May 9 a general alarm was given in all the precincts in this city to look out for him.

Detective Bennell and Deputy Sheriff Pugsley found him at No. 1,025 Avenue A, and they were watching the house with Policeman Lantry, of the East Fifty-first-street station, when Schneiblock passed on the opposite side of the street. Pugsley started forward, saying: "I think that looks like our man." Schneiblock drew a revolver and at the same time Pugsley drew his; there were two shots almost simultaneously, and Schneiblock fell.

Pugsley says he does not think his shot struck Schneiblock, and that Schneiblock shot himself either accidentally or on purpose.

THEY MAY CONSIDER ELECTION CRIMES.

DRAWING OF JURORS FOR THE MAY TERM OF THE SUPREME COURT AT TROY.

Troy, N. Y., May 11.—Much interest attaches to the drawing of jurors this morning for the May term of the Supreme Court, as the prosecutions in connection with the election crimes may come up. Trial jurors for the regular circuit to be held by Justice Kellogg, of Plattsburgh, and for the extraordinary circuit, designated by the Governor to be held by Justice Williams, of Watervliet, and grand jurors for the regular Oyer and Terminer were drawn. The drawing was satisfactory to the citizens, and the jurors were drawn from a wheel instead of a box, and the new plan will hereafter be used in all cases.
